Approved For Release 2001/09/03 : CIA-RDP84-00709R000400080044-3

General Counsel

DATE: 30 December 1950

FROM : Chief, Security Division

SUBJECT: Clearance for members of the staff of the
Office of the Comptroller General.

Reference is made to your memorandum of 16 November 1950 concerning the subject matter.

This is to advise that on the basis of limited checks Mr. John W. Moore and Mr. Carl P. Friend are security approved for discussions concerning CIA problems provided the information released to them is not classified higher than Secret. This is not to be interpreted as any reflection on these men since clearance for discussions on more highly classified matters would require more extensive security checking.

We will advise you with regard to Frank L. Yates, Edwin L. Fisher, and William L. Morrow, the other persons named in your memorandum, as soon as possible.
